Custom solutions

Your Logistics USA professional understands that clients of every size have unique requirements, so we custom design logistic packages to give you just what you need. There are many choices and obstacles your merchandise will face to get it to its destination. We'll make each shipment easy for you. From raw materials to perishables to processed goods, we'll get your cargo delivered free of complications or delays. So you can concentrate on your core business.

Your strategic business advantages:

- Reduced cycle time
- More logistics options
- Maximum supply chain efficiency
- Lower overall product costs
- Improved inventory control
- Greater logistics flexibility
- Superior customer satisfaction
- Higher profitability

Our Vision: Give you competitive advantage

At Logistics USA, our vision is to give our customers a distinct competitive edge in logistics by understanding and meeting their unique business needs, and getting their goods to their final destinations by the fastest, most efficient means possible, at very competitive prices.

As part of this vision, we invest greatly in our people. We seek out and develop people with solid logistics experience and a strong service orientation, and we support them with the latest in logistics systems and technology tools.

A key part of this vision is our commitment to excellent customer service. It starts with a clear understanding of your business and your needs. Then we can select the best strengths from our worldwide network of partners, and advise you of the best logistics options and related costs for your business model. Throughout the process, we keep you informed of your supply chain information in a timely manner. The main advantage is our commitment to working as partners with you. Our goal is to develop a mutually beneficial, long-term relationship that provides you with innovative planning, effective implementation, and consistent value.

Your reliable solution ■■■

“For the want of a nail, the kingdom was lost”

There are many expressions that speak to the importance of adequate planning, and the devastating effects that can occur when one does not plan carefully.

At Logistics USA, we emphasize the details. We have made a commitment to be the reliable solution to your logistics needs. We will make a careful study of the complete supply chain for every shipment. In this way, we stay in control of every aspect of the supply chain through to the arrival at the final destination. Sure, it takes more time and effort to be this proactive, but it avoids problems and delays.

Every employee here shares this commitment to be your reliable solution. It means we can deliver on our vision: getting your goods to their final destinations by the fastest, most efficient means possible. It's a strategic advantage that you can count on when you partner with Logistics USA.

If this is what you want from your logistics company, contact us today! Get the Logistics USA advantage for your company.

International Shipping

Logistics USA presents you all the international shipping options, arranges for the best solutions to your needs, and handles all the formalities. With our experience and expertise in import/export air and sea freight forwarding services, you can be assured that your cargo is being well managed right to the final destination.

Airfreight Services

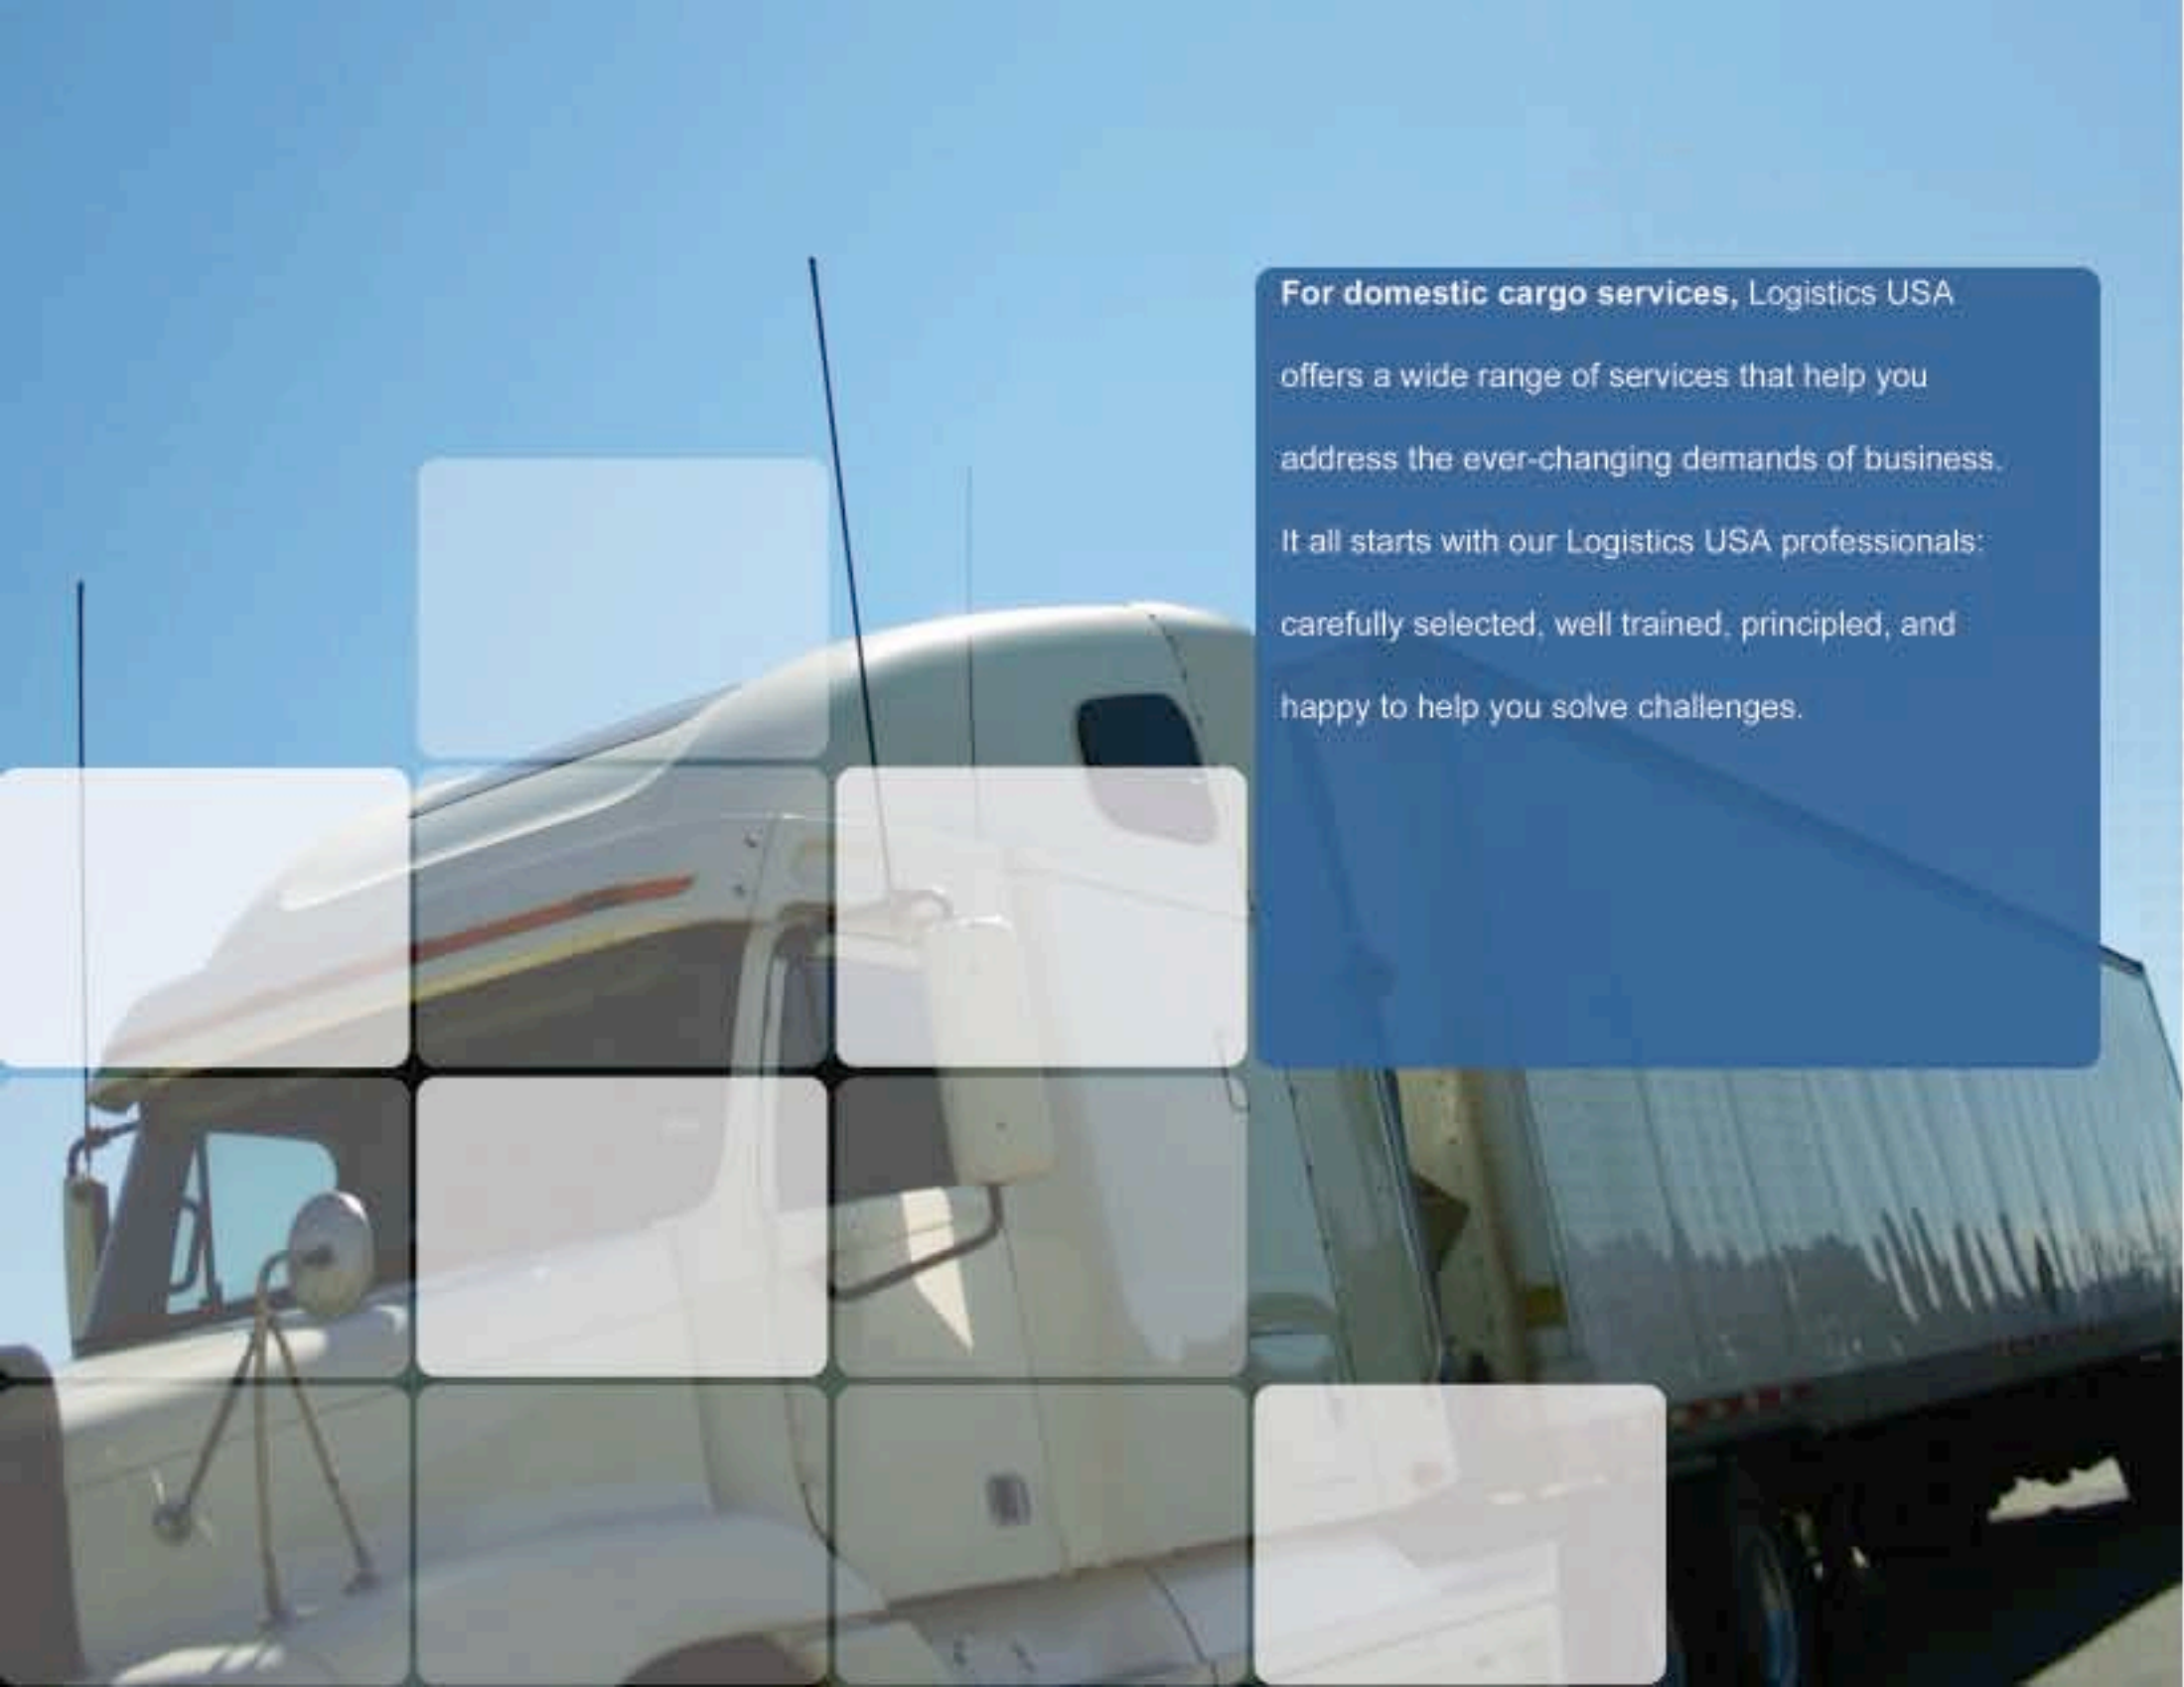

Logistics USA enjoys strategic partnerships with over ten different air carriers in each region to ensure that we can offer you many airfreight options. With this broad selection of air services, we give you an end-to-end logistics management solution that reduces transportation costs, improves communication among all parties and accelerates decision-making.

- Scheduled consolidation services
- Flexible options (airport to airport, door to door, or combination)
- Expedited services
- Deferred services
- Sea + Air services
- Oversized cargo services
- Project cargo services
- Garment On Hanger (GOH) services
- Dangerous Good Handling
- Foreign to foreign services

Ocean Freight Services

To give our clients the flexibility to meet their custom logistics needs at the most competitive pricing, we work with an established network of over ten different ocean carrier partners. Choose either FCL or LCL service with a wide selection of air or ocean carriers. We constantly track the shipment while it transit, so you know where it is at all times.

- Complete FCL and LCL services
- FCL contract management
- LCL consolidation / deconsolidation
- Single or multiple vendor consolidation and distribution
- Project cargo services
- Oversized cargo services
- Garment On Hanger (GOH) services
- Foreign to foreign services
- Customer/Purchase Order Management Tracking & Tracing
- Destination Customs Clearance
- Insurance Services

For domestic cargo services, Logistics USA offers a wide range of services that help you address the ever-changing demands of business. It all starts with our Logistics USA professionals: carefully selected, well trained, principled, and happy to help you solve challenges.
